

Greetings from TCF:

As most of you know, TOUCH (The Open Universal Church in Homes), was established in the spring of 2007. TOUCH is a fellowship of Spirit-filled believers meeting weekly in small cell groups held in homes. The focus in these meetings is intimacy with the Lord and each other. This is a time for sharing, brief teachings and personal ministry based always on the scriptural Word of God.

Once a month since September 2007 we have held larger monthly worship meetings called The Temple Courts worship gathering. The Temple Courts now meets at New Day Church in High Point on the last Friday of each month. The Temple Courts brings together all members and friends of TOUCH Christian Fellowship, regardless of denomination, to passionately lift up and exalt the name of Jesus Christ and to praise and worship Him in music and song. The Word is preached, testimonies of God's goodness are shared, opportunities for ministry, including prayers for healing, prophetic ministry and dream interpretation are available.

Intercessory prayer for renewal and revival is held once a week. Drenda currently leads a Bible study for women on Tuesday afternoons called 'Love Infusion' focusing on the gospel of John.

NOTE: *In the Spring TCF will begin holding weekly Sunday evening services. These meetings will be open to all who are hungry for more of the Lord's manifest presence in their lives. The focus will be on discipleship, teaching the Word, effective prayer, learning to hear God's voice, and sharing the gospel with others.*

Tony is working with Terry Hill in setting up a website for TCF that should be open at the end of February. In addition to providing detailed information about TOUCH Christian Fellowship, the website (www.touchcf.org.) will keep you updated with special events and speakers in our region, give you an opportunity to share testimonies, provide listings of books that are helpful in spiritual growth, connect you with helpful articles and keep you informed of current happenings in TOUCH.

Last fall, we attended the annual Voice of the Apostles Conference in Baltimore, Md. sponsored by revivalist Randy Clark and Global Awakening. Global Awakening is our spiritual covering as we are part of TANGA, the apostolic network of churches and ministries connected with Global. You can check out Global and TANGA by going to www.globalawakening.com

As always we were blessed by the teachings and the anointing of these special modern day apostles who are part of the Revival Alliance: Randy Clark, Bill Johnson, John Arnott, Che Ahn, Rolland and Heidi Baker, Georgian Banov and Leif Heitland.

These humble servants of God who have led thousands to Christ all over the world and have seen God heal all manner of disease and affliction, honor us by the example of integrity and deep intimacy with Jesus that marks their ministries. They continue to encourage us with the word that in these last days, as in the early days of the church, the greatest signs and wonders will be done by those nameless faceless, humble and 'sold-out' servants that Jesus loves. We, together with you, want to be a part of that special end-time army.

Blessings and love, in the name of Jesus,

Tony and Drenda Lalor
